The Trolley Problem Or Would

The trolley problem is a thought experiment in ethics. It is generally considered to represent a classic clash between two schools of moral thought, utilitarianism and deontological ethics. The general form of the problem is this: Do nothing and allow the trolley to kill the five people on the main track.

Trolley problem - Wikipedia

Where To Download The Trolley Problem Or Would You Throw Fat Guy Off Bridge A Philosophical Conundrum Thomas Cathcart

A trolley is careening out of control. Up ahead are five workers, and on a spur to the right stands a lone individual. You, a bystander, happen to be standing next to a switch that could divert the trolley, which would save the five, but sacrifice the one—do you pull it? Or say you're watching from an overpass.

The Trolley Problem, or Would You Throw the Fat Guy Off

...

"Thomas Cathcart's charming approach in *The Trolley Problem* is to dramatize the dilemma by presenting... a trial in the court of public opinion, complete with arguments from lawyers on both sides as well as a psychologist, a professor, a bishop, listeners to a radio call-in show and so forth..." -- *The Wall Street Journal*

Trolley Problem, Or Would You Throw the Fat Man off the

...

This modern-day moral dilemma has its roots in a classic philosophical thought experiment known as the trolley problem. Introduced in 1967 by Philippa Foot, the trolley problem illuminates the landscape of moral intuitions – the peculiar and sometimes surprising patterns of how we divide right from wrong.

The trolley problem: would you kill one person to save ...

The trolley problem is a question of human morality, and an example of a philosophical view called consequentialism. This view says that morality is defined by the consequences of an action, and that the consequences are all that matter. But exactly which consequences are allowable? Take the two examples that make up the trolley problem.

How the Trolley Problem Works | HowStuffWorks

For those unfamiliar with it, the Trolley Problem is a thought experiment in ethical philosophy (introduced to me and many others in Michael Sandel's HarvardX ethics course *Justice*) that looks at how people respond different variations of the same moral dilemma.
